Message from the Board of Directors

At **Med Cell**, we are guided by a clear strategic mandate: to lead the advancement of healthcare innovation while delivering sustainable value across the medical ecosystem. The company is committed to realizing this vision with integrity, strategic foresight, and a focus on long-term impact.

Kuwait's healthcare sector is evolving rapidly, with increasing demand for excellence, efficiency, and innovation. **Med Cell** is proud to be at the forefront of this transformation — not only as a key contributor but as a recognized leader within the country's medical community. Our commitment to quality, clinical relevance, and strategic investment has positioned us as a trusted partner as a private healthcare institution across Kuwait.

We do not view innovation as a destination, but as a mindset — one that drives every decision we make and every solution we deliver. Our focus remains on anticipating the needs of the future, building capacity, and setting new standards for what is possible in healthcare delivery.

As we look ahead, **Med Cell** is strategically positioned to expand its leadership role both within Kuwait and across the broader region. On behalf of the Board of Directors, we reaffirm our commitment to ethical governance and long-term value creation. **Med Cell** is not only navigating change — we are leading it.

Board of Directors
Med Cell Company

“ Innovation is our mindset — driving every decision and shaping the future of healthcare. ”

Eng. Salwa Malhas
CEO - Med Cell Co.

Welcome to Med Cell Co. ,

At **Med Cell**, we drive healthcare operations with a clear mission: to transform strategic vision into clinical excellence across Kuwait. Our role extends well beyond established medical services—we are entrusted with managing integrated healthcare ecosystems that deliver meaningful, measurable impact.

Founded in response to the rising demand for scalable, high-performance, and patient-centric healthcare solutions, **Med Cell** has quickly become a recognized leader in Kuwait's medical operations landscape. From establishing advanced clinical laboratories to managing daily diagnostics and supporting multi-specialty medical centers, we bring precision, and unwavering quality to every aspect of care delivery AI driven solutions to fuel our growth & transform the future of healthcare in the region .

Our achievements are rooted in strategic focus, operational excellence, and a long-term commitment to sustainable healthcare. By leveraging strong partnerships, data-driven insights, and continuous investment in both technology and talent, we don't just meet today's challenges—we anticipate and shape the future of healthcare operations in the region.

As we look ahead, **Med Cell** will continue to expand its operational footprint, explore new diagnostic verticals, and deepen its contribution to Kuwait's healthcare transformation. We remain focused on delivering value—clinically, commercially, and socially—for all stakeholders.

Eng. Salwa Malhas
CEO - Med Cell Co.

“ With strategic leadership and precise execution, we elevate & set new benchmarks for the healthcare in Kuwait. ”

2.1.1 COMPANY ESTABLISHMENT

Med Cell Co. stands at the forefront of Kuwait's medical sector as a dynamic and future-forward company redefining healthcare delivery. Founded in 2021 and headquartered in Mazaya Tower 01, Kuwait City, **Med Cell Co.** is built on a powerful vision: to lead the transformation of healthcare through operational excellence, innovation, and patient-focused care.

With a growing team of over 100 experienced healthcare professionals, **Med Cell Co.** operates a robust network of medical facilities across Kuwait, including cutting-edge laboratories, primary care and wellness clinics, multi-specialty medical centers, and advanced radiology units. These centers are strategically positioned in Hawaly, Salmiya, and Al Jahra, ensuring both convenience and comprehensive care for communities across the country, all in alignment with international healthcare protocols and Kuwait Ministry of Health License and CAP accreditation.

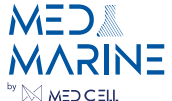

In tune with the digital age, **Med Cell Co.** has expanded its impact through a tech-driven subsidiary that launched Salamtek—a fully integrated digital health platform offering a seamless, end-to-end experience for medical services. From booking appointments to a diverse world of healthcare e-commerce platform, Salamtek is Kuwait's premier one-stop-shop for healthcare access, powered by intelligent, user-friendly technology.

Med Cell Co. continues to scale new heights—building centers of excellence, launching new service verticals, and setting industry benchmarks & leveraging AI-technology in medical interpretations & operations. Our mission is simple yet bold: to make world-class healthcare more accessible & more connected.

2.2 MED CELL BRAND – WHO WE ARE

Med Cell Co. brand is dedicated to redefining the healthcare landscape through innovation, compassion, and excellence. Founded with a vision to bridge the gap between cutting-edge medical advancements and patient-centered care, we have established ourselves as a leading provider of diagnostic and therapeutic solutions in Kuwait and the region.

Our integrated model combines advanced laboratories, high-caliber physicians, specialized clinics, and a dedicated team of healthcare professionals — all committed to delivering ethical, evidence-based care.

Med Cell Co. is synonymous with trust, quality, and forward-thinking healthcare. By fostering strong partnerships within the medical community and investing in continuous improvement, we ensure that every service we deliver meets the highest standards.

Looking to the future, we are committed to shaping a smarter, more accessible healthcare system. Our strategic priorities include embracing digital transformation, advancing telemedicine, and applying artificial intelligence and data-driven diagnostics to create personalized patient experiences. We also aim to introduce innovative tests and treatments that respond to emerging health challenges.

With a focus on global medical excellence, **Med Cell Co.** is expanding its impact through strategic partnerships, medical education, and a relentless pursuit of quality.

2.3.1 MED CELL VISION , MISSION & GOALS

Vision

To be recognized among the leading medical companies in Kuwait and the region, delivering comprehensive healthcare and medical services that set new standards of excellence.

Mission

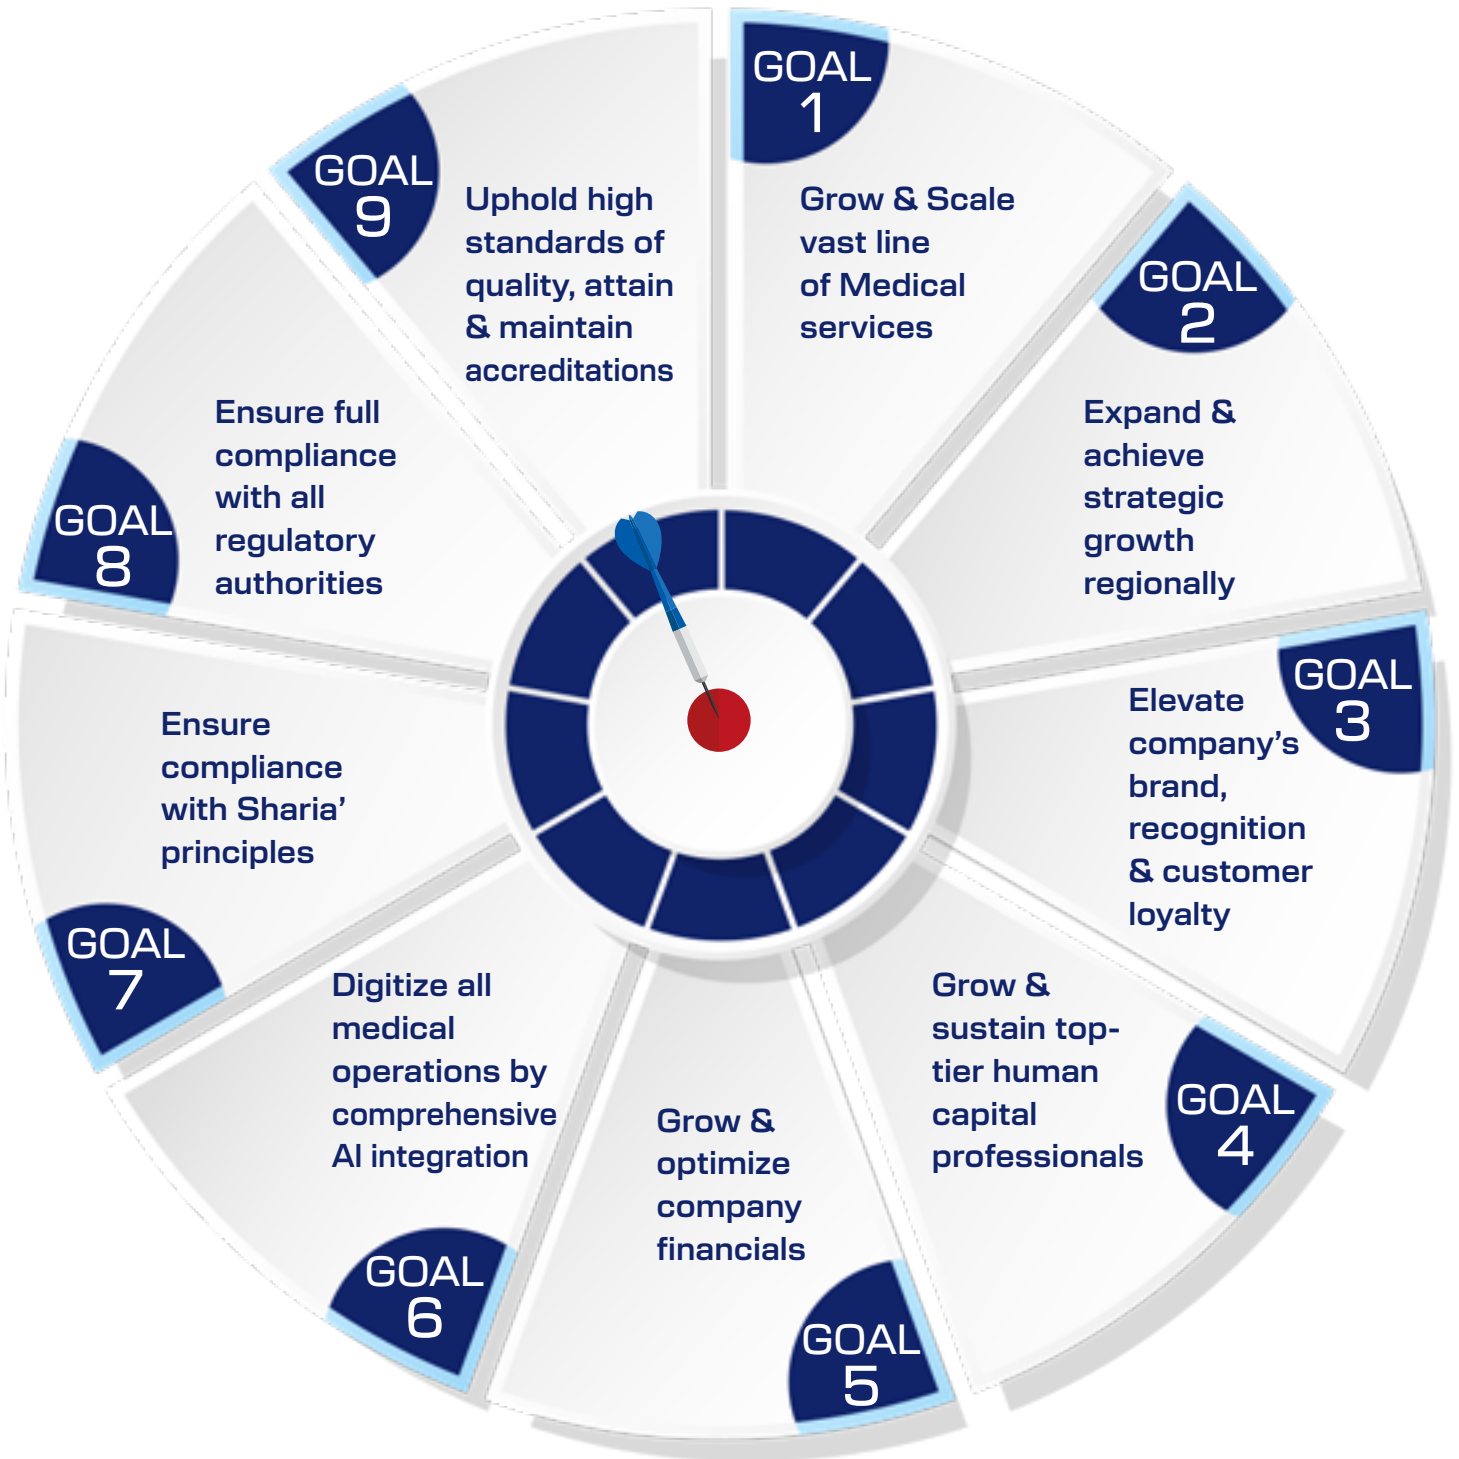

At **Med Cell**, our mission is to redefine the healthcare journey by delivering exceptional medical services, powered by innovation, quality, and accessibility.

We are committed to:

- Delivering a seamless, patient-centric healthcare experience.
- Expanding our presence through multi-service medical facilities across key locations.
- Achieving local and international accreditations reflects our commitment to excellence.
- Leading the digital transformation of healthcare through advanced platforms like Salamtek.
- Investing in top-tier medical talent and cutting-edge technology to ensure the highest standards of care.

OUR GOALS :

At Med Cell Co., we deliver a comprehensive range of healthcare and medical services designed to meet the evolving needs of patients, providers, and partners across Kuwait. With a focus on operational excellence, digital integration, and patient-centric care, our services span across diagnostics, clinical care, and digital health innovation.

ACCREDITATIONS

We have achieved a medical milestone by earning the trust of the College of American Pathologists (CAP) after successfully meeting all accreditation standards and quality benchmarks. This recognition reflects a distinguished, advanced level of service and healthcare aligned with the highest international standards.

CAP accreditation is essential for lab operation because it ensures that the laboratory meets the highest standards of quality, accuracy, and safety. This accreditation demonstrates that the lab follows rigorous protocols for testing, management, and patient care, which helps to:

- Improve the reliability and accuracy of test results
- Enhance patient safety and confidence
- Ensure compliance with regulatory requirements
- Promote continuous quality improvement
- Increase credibility with healthcare providers and patients
- Facilitate access to new technologies and best practices

CAP ACCREDITATION

CERTIFICATES

At **Med Cell Co.**, quality and compliance are at the core of everything we do. Our operations are guided by internationally recognized standards, and we are proud to hold a range of accreditations that reflect our commitment to excellence, patient safety, and continuous improvement. These credentials affirm the reliability of our services, the competence of our clinical practices, and our adherence to the highest levels of regulatory and ethical standards in healthcare.

Collaboration with International Laboratories

At **Med Cell Cell Labs** , we believe in delivering precise and advanced diagnostic solutions by partnering with world-renowned laboratories. Our collaborations span across the USA, Spain, Estonia, India, Jordan, and the UAE; ensuring access to specialized testing services that meet global standards.

Through these strategic partnerships, we offer an extensive range of advanced diagnostic tests, including genetic and DNA analysis, as well as targeted tests for conditions such as autism, multiple sclerosis (MS), depression, and many more.

LAB to LAB Services

Med Cell Labs offers reliable and efficient Lab-to-Lab services designed for hospitals, clinics, and diagnostic centers. We provide:

- Fast turnaround times
- Advanced test capabilities
- Secure, compliant specimen transport
- Accurate, high-quality results

Partner with us to extend your lab's testing menu and streamline operations with confidence.

CAP Accreditation

Med White, Med Light Lab, under **Med Cell Company**, is proud to be accredited by the College of American Pathologists (CAP)—a globally recognized symbol of excellence in laboratory quality and accuracy. This prestigious accreditation was granted after the lab successfully met the comprehensive standards set by CAP, which cover quality management, patient safety, and rigorous laboratory practices.

Achieving CAP accreditation reflects the Lab's commitment to delivering an advanced level of healthcare that aligns with the highest international benchmarks.

Home Service

Med Cell Labs offer convenient Home Service Lab Testing, bringing reliable diagnostics directly to your doorstep. Our trained medical professionals collect samples from the comfort of your home, ensuring:

- Safe, hygienic, and professional service
- Flexible appointment scheduling
- Fast and accurate results delivered securely
- Ideal for elderly, busy, or mobility-limited patients

With Med Cell Labs, quality healthcare starts at home.

5.2 CERTIFICATE OF REGISTRATIONS

Med Cell Labs has successfully obtained registrations and prequalifications with relevant health authorities and regulatory bodies, ensuring compliance with national and international standards. Our credentials reflect our commitment to quality, safety, and excellence in diagnostic services.

8.1 About Images Center

IMAGES DIAGNOSTIC CENTER has grown into one of Kuwait’s most trusted outpatient diagnostic imaging centers. As pioneers in the use of advanced scanning technologies, we have set a high standard for medical excellence and patient experience.

As Kuwait’s first outpatient imaging center, IMAGES are proud to consistently deliver accurate, high-quality diagnostics while maintaining strict safety protocols. Our reputation for excellence has earned the trust of governmental health institutions, private clinics, renowned physicians across various specialties, and — most importantly — our patients.

LOCATION:

IMAGES DIAGNOSTIC CENTER is strategically located at **Mazaya Clinic IV, Hawalli .**
Floor 2

8.2 SERVICES PROVIDED AT THE CLINIC :

IMAGES provides various imaging services for early diagnosis of multiple diseases related to neurology, cardiology, gastrology, ophthalmology, musculoskeletal, and more.

MRI 1.5 TESLA
IMAGES is proud to install the latest and fastest imaging technology

OPEN MRI
O-scan offers an open-machine for maximized patient’s comfort

CT-SCAN
A computed tomography uses a combination of X-rays to create multiple images

MAMMOGRAPHY
A safe X-ray scanning technique where the patient is exposed to a small amount of radiation

DIGITAL X-RAY
X-rays are ideal for spotting fractures and dislocations, bone tumors and bone cancers

BONE MINERAL DENSITY TEST (DXA SCAN)
A test that is usually used to detect the risk of osteoporosis and bone breakage

IMAGES CENTER LICENSE :

Images is fully licensed & accredited by the Ministry of Health, ensuring compliance with the highest standards .

SPECIALIZED DIAGNOSTICS:

CARDIAC CT

STRESS CARDIAC MRI

LIVER ELASTOGRAPHY – ULTRASOUND

CARDIAC MRI

LIVER ELASTOGRAPHY – MRI (MRE)

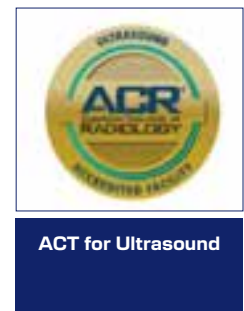

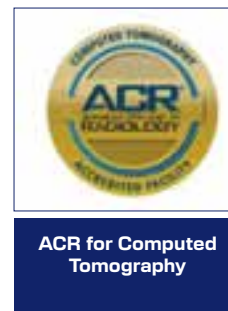

INSURANCE :

Images Center in Kuwait accepts all types of insurance cards.

8.3 ACCREDITATION

It is the first ACR (American College of Radiology) accredited MRI facility in the Middle East due to high-quality radiological care & diagnostic treatment & proudly received the Qmentum international Accreditation (Canada).

MEDICAL AI INTERPRETATION

Introducing AI-Powered Medical Report Interpretation

At **Med Cell**, we are proud to announce the integration of Medical AI Interpretation across all our medical reports. This innovation brings several key benefits:

- **Faster Turnaround:** Reports are generated and interpreted more quickly, improving efficiency.

- **Clearer Insights:** AI helps simplify complex medical data, making reports easier to understand for both clinicians and patients.

- **AI Virtual Assistant Access:** Patients and healthcare providers can interact with our AI virtual assistant via voice or chat for instant support, explanations, and guidance related to their reports.

- **Improved Clinical Decisions:** Advanced interpretation supports healthcare professionals in making timely and informed decisions.

- **Enhanced Accuracy:** AI algorithms support more precise analysis of diagnostic data.

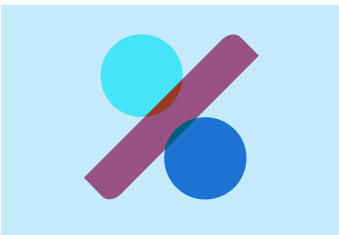

Odoo

Utilizing Odoo System for Seamless Operations at Med Cell

At **Med Cell**, we leverage the power of the Odoo system to streamline and optimize our internal workflows and enhance collaboration with doctors and vendors. This comprehensive platform is vital to maintaining our commitment to efficiency, accuracy, and high-quality service.

odoo 18

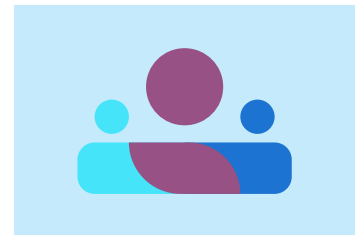

- For Internal Use:

Odoo integrates all core business processes—including patient management, laboratory operations, inventory, billing, and reporting—into one centralized system. This ensures smooth communication between departments, reduces errors, and accelerates turnaround times, enabling our team to focus on delivering excellent care.

- For Doctors:

Our collaboration with physicians is greatly enhanced through Odoo's dedicated portals, allowing doctors easy access to patient results, report status, and direct communication with our lab teams. This seamless connection supports timely decision-making and improved patient outcomes.

- For Vendors:

Odoo simplifies supply chain management by providing transparent, real-time tracking of orders, inventory levels, and vendor communications. This fosters stronger partnerships and ensures that our lab is always equipped with the necessary materials to operate without interruption.

- UPDATED HOURS & SERVICE INFO

to keep our audience informed in real time

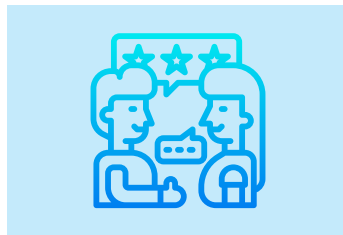

ONLINE REUPATION MANAGEMENT

At **Med Cell**, we believe that trust begins online. Our commitment to transparency, responsiveness, and quality care is reflected across every digital channel.

OUR REPUTATION STRATEGY INCLUDES:

- PATIENT SATISFACTION SURVEY

- PATIENT REVIEW ENGAGEMENT
with prompt, thoughtful responses to feedback

- FEEDBACK MONITORING
for continuous service improvement

- SHOWCASING SUCCESS STORIES
to highlight real patient outcomes

- CONSISTENT BRAND MESSAGING
across all touchpoints

- ACCURATE LISTINGS & INFO
on Google, social media, and health directories

11. Sustainability

11.1 Environmental Responsibility

11.2 CSR & Health Awareness
Campaigns/Events

11.3 Accreditation & Certifications

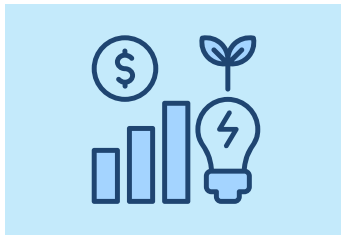

OUR COMMITMENT TO ENVIRONMENTAL RESPONSIBILITY

At **Med Cell**, we recognize the importance of protecting the environment and are committed to integrating sustainable practices throughout our operations:

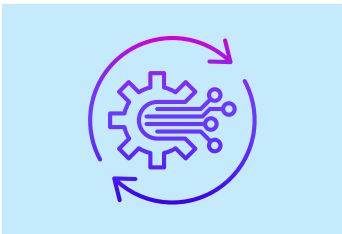

• WASTE MEDICAL MANAGEMENT :
We implement strict protocols to minimize medical and general waste, ensuring proper disposal and recycling whenever possible.

• ENERGY EFFICIENCY:
Our facilities utilize energy-efficient equipment and lighting to reduce power consumption.

• ECO-FRIENDLY MATERIALS:
We prioritize the use of sustainable and recyclable materials in our packaging and daily operations.

• DIGITAL TRANSFORMATION:
By adopting digital reporting and communication systems, we significantly reduce paper usage.

• SUSTAINABLE PARTNERSHIPS:
We collaborate with vendors and partners who share our commitment to environmental responsibility.

• CONTINUOUS IMPROVEMENT:
We regularly review and update our environmental policies to adopt new eco-friendly technologies and practices.

11.2 CSR & HEALTH AWARENESS CAMPAIGNS/EVENTS

At **Med Cell**, we are committed to promoting community well-being through ongoing Corporate Social Responsibility (CSR) initiatives & Health Awareness Campaigns focused on health education, prevention, and access to care. We actively engage in a variety of impactful programs and events.

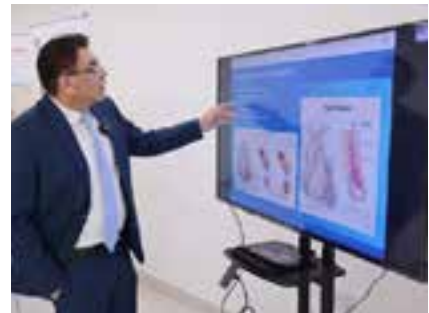

At **Med Cell**, we actively partner with corporate organizations, universities, and schools to deliver impactful health awareness campaigns and wellness events. Our goal is to educate, engage, and promote proactive health management across all age groups and professional sectors.

We participate in and organize a variety of health-focused initiatives throughout the year, including:

CSR & HEALTH AWARENESS CAMPAIGNS ON KEY HEALTH TOPICS:
